

Short Bio

Professor Xin WANG is Chair Professor of Electrochemistry, Dean of College of Science at City University of Hong Kong. He is a Global STEM Professor and Director of Jockey Club STEM Lab of Electrocatalysis and Electrosynthesis. He received his B.Eng. (1994) and MPhil (1997) degrees in Chemical and Environmental Engineering from Zhejiang University, and Ph. D (2002) in Chemical Engineering from Hong Kong University of Science and Technology. Before joining City University of Hong Kong in 20 Mar 2023, Prof. Wang was Cheng Tsang Man Chair Professor in Energy at Nanyang Technological University, Singapore (NTU) and Co-Chair of the interdisciplinary School of Chemistry, Chemical Engineering and Biotechnology. Prof. Wang has research interest in nanostructure control, surface functionalization and interface tuning for selective electrocatalysis towards key electrochemical reactions for energy and environmental applications. He serves as an associate editor for Carbon Energy (Wiley). He is a Fellow of the Academy of Engineering, Singapore, and is a Clarivate Analytics Highly Cited Researcher during 2018-2024.
